*Proceedings of the Madras Government, Public Works Department,
25th March 1872.*

No. 562. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 11th March 1872, No. 3,779 :—

WITH reference to your endorsement, No. 243 of the 1st February 1872, on the petition* of V. Bramhannah and others, ryots of the village of Koppaka, in the Ellore Taluq, Godavery District, relative to the want felt by them of a proper road between Ellore and Sanivarapeta, I have the honour to forward herewith copy of a report on this subject received from Mr. Assistant Engineer Martin, who has charge of the No. 4 or Ellore Range, Godavery District.

2. From this report it will be observed that the road the villagers wish to be made is only three miles in length, but the cost of which will be very great, as a large bridge must be built over the Tumalair river, which it will have to cross, and until the district is provided with main lines of communications the wants of individuals or small communities cannot be attended to.

No. 563. ORDER THEREON, 25th March 1872, No. 834.

CIVIL WORKS, No. 15.

ORDERED that the petition and report be transferred to the Local Fund Board for disposal.

2. It appears from the report of the Superintending Engineer of the 1st Division that the cost of the road asked for by the petitioners would be comparatively very great and that more important lines of communication in the district are still incomplete.

No 834. 2 4 5
 It would be better to have a
 L. 7. 1872. I would try to get
 "Original" that the Pet. & Co.
 be to transfered on L. 7. 1872 for the road

As it appears from the report
 of the Superintendant of the 1st Division
 that the cost of the road asked for
 by the Petitioners would be compar-
 atively very great and that more

important lines of communication
 in the District are still incom-
 plete [The Government must decline
 to authorize its construction.
