*Proceedings of the Madras Government, Public Works Department,
25th March 1872.*

No. 568. Read the following letter from the Superintending Engineer, 2nd Division, to the Secretary to Government, Public Works Department, dated Camp at Tungutur, 28th February 1872, No. 160 :—

I HAVE the honour to point out that in G. O., No. 77, 13th December, I was informed that Government proposed to supply the means of maintaining the towing-paths of canals from Canal boat license fees; they had been previously charged under the head "Communications," and as such I transferred them to Local Funds.

2. No allotment has yet been made, and the expenditures will appear as objectionable items in the Range Officer's accounts unless I am placed in funds to adjust them.

3. I take the opportunity of pointing out that in Column 3, Appendix I. A., of the Administration Report for 1870-71, it is stated that Act I. of 1870 "was chiefly designed to regulate the use of the canals in the Godavery and Kistna Districts, etc.," but it has actually not yet been put in force in these districts.

No. 569.

ORDER THEREON, 25th March 1872, No. 837.

ACCOUNT, No. 51.

ORDERED that the Government of India be addressed on the question of providing for the repair of towing-paths of the delta canals in the Godavery and Kistna Districts from the fund derived from the Canal boat license fees, which, under the orders of that Government, communicated in paragraph 3 of their letter recorded with G. O., No. 2,746, dated 27th August 1868, are credited to Imperial revenues in the accounts of the Public Works Department.

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
PUBLIC WORKS DEPARTMENT.

ACCOUNT, No. 52.

SIR,—In paragraph 3 of the letter from the Government of India under date the 1st August 1868, No. 105 A.—I., it is directed that the income derived from the delta canals in the Godavery and Kistna Districts shall be considered exclusively Imperial and exhibited in the Budget Estimate of this department as Public Works Revenue. This arrangement leaves no provision for the repair of the towing-paths of the canals which has been hitherto met from the grant for "Communications." The Local Fund Board of the Masulipatam Circle however now object to charging Local Funds with any portion of the expenditure in connection with the Kistna Delta Canals unless the proceeds of the boat licenses are made over to the Local Fund. It accordingly becomes necessary to make special arrangements for requisite repairs, and I am to recommend that the orders of the Government of India above quoted may be so far modified as to allow the income derived from the granting of boat licenses to be made available for the repair of towing-paths of the delta canals, leaving the balance, if any, to be credited to Imperial Revenue.

I have the honour to be,

Sir,

Your most obedient servant,

Colonel, R.E.,
Secretary to Government.

Sir,

I have the honor to point out that in G.O. 1077, 13th December. I was informed that Government proposed to supply the means of maintaining the towing paths of canals from canal boat license fees - they had been previously charged under the head "communication" and as such I transferred them to Local Funds -

2. No allotment has yet been made and the expenditures will appear as objectionable items in the Range Officer's accounts unless I can place in favor to adjust them -

3. I take the opportunity of pointing out that in column 3 appendix I. A. of

of the Administration report for 1870-71.
it is stated that Act I of 1870 "was
"chiefly designed to regulate the
"of the canals in the Godavari and
"Kistna Districts &c" but it has
