GROUNDS OF PROPOSITION.

Item 1.—The dilapidated condition of the roof of the Military Hospital at Mangalore rendered its immediate removal necessary, and a sum of Rupees 1,000 was accordingly sanctioned for replacing it with a new one in anticipation of the submission of the estimate for the work.

Item 2.—Funds being available from the allotment for the Ulsoor Water Project the sum of Rupees 1,380 was appropriated for erecting a new range for the rifled ordnance at Bellary, which work His Excellency the Commander-in-Chief considered to be of an urgent character.

Item 3.—This sum was allotted to admit of the work of improving the water supply to the Cantonment at Bellary being proceeded with, the scarcity of water at that station being much felt, and the amount entered as Item 4 was transferred to meet demands on account of the European Female Hospital at the same station. These sums are savings from allotments in the current year's Budget.

The sums entered opposite Item 5 are for the adjustment of charges for Sapper labour employed on works in the Madras Presidency during 1869-70 and 1870-71.

Item 6.—This sum is required for the completion of the project appearing in the current year's Budget as Item 41, and the amount is taken from the sum surrendered by the Superintending Engineer from the allotment for Item 40.

The value of the stores received from England during the current year having exceeded the Budget grant by Rupees 3,060, the transfer entered as Item 7 is intended to cover the excess.

As these transfers became necessary too late in the year to admit of a reference to the Government of India, they have been made in anticipation of sanction.
