Dated 5-4-1872.	

Not to be folded or roughly handled

MR

*Proceedings of the Madras Government, Public Works Department,
5th April 1872.*

No. 55. Read the following Despatch from the Right Honourable the Secretary of State for India, Public Works, to His Excellency the Right Honourable the Governor in Council, Fort St. George, dated India Office, London, 22nd February 1872, No. 3 :—

FROM the accompanying copy of a memorandum by the Director-General of Stores at this Office, your Excellency will perceive that, through an error, twelve dozen lithographic printing rollers have been sent out to your Public Works Department instead of twelve only as requested in the indent which accompanied your letter No. 35 (No. 1) of 24th January 1871.

2. It would be as well that you should communicate with the other Local Governments in India with a view to their taking over as many of the surplus rollers as they may require, and so relieving you of the extra number now supplied.

Copy Reference to Public Works Secretary from the Store Department.

WITH reference to the accompanying Public Works Indent from Madras, received with a Despatch from thence, No. 35, dated 24th January 1871, and sanctioned in Council on the 16th March last, I have to state that the Audit Department have called my attention to the fact that, while twelve lithographic printing rollers only are demanded at folio 7 of the indent, twelve dozen have been ordered and shipped. This error has arisen from a mis-reading of the demand, which I regret. I must, however, in fairness to this department, point out that the mistake is in a measure justified by the indistinct manner in which the word No. (number) is written against the demand, in consequence of which the word dozen written against the boxwood scrapers above was understood to apply also to the lithographic rollers.

I would submit that the extra supply be sanctioned in order that the Audit Department may pass the account.

The twelve dozen rollers were shipped to Madras on the *Latona*, which sailed in November last. I would suggest that the Madras Government be informed of the error that has been made regarding the quantities supplied, and requested to communicate with the other Presidencies in order that the surplus may, if required, be taken over by them.

(Signed) G. C. TALBOT,
Director-General of Stores.

No 56. ORDER THEREON, 5th April 1872, No. 902.

ACCOUNT, No. 9.

COMMUNICATED to the General Superintendent of Public Works Stores.

2. Ordered that the Governments of Bengal and Bombay be addressed regarding the extra lithographic printing rollers which have been sent to Madras.
