*Proceedings of the Madras Government, Public Works Department,
8th April 1872.*

No. 128. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 12th March 1872, No. 2,368 :—

I HAVE the honour to forward, for the orders or sanction of Government, the accompanying Statement of Imperial Petty Establishment required for this division in 1872-73.

2. I am obliged to take this course in sending the statement direct to Government as, from the enclosed letter,* you will observe that the Controller of Public Works Accounts states I should apply direct for sanction.

3. The Controller however seems to be mistaken in considering that the statement in question represents a "fresh distribution," as a reference to the detail Statement No. I., printed with G. O., No. 1,299, dated 12th May 1871, for a similar establishment for 1871-72, will show that this statement for 1872-73 is precisely the same.

4. I would further observe with reference to the Controller's remark that "the Government do not require this office to submit for orders a revised statement" for 1872-73; that if such is the case, whether I am at liberty to consider the sum of Rupees 7,560, (as the future annual allowance for Imperial Petty Establishment for this division, as I am under the impression that the allotment of Rupees 50,000) for the Presidency is open to increase or decrease according to circumstances.
