No. 203. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 8th December 1871, No. 1,719 :—

REFERRING to paragraph 2 of G. O., No. 2,464, dated 14th October 1870, I have the honour to report that I consider Rupees 15 would be a fair rent to charge for that portion (three rooms with two bath-rooms) of the District Engineer's Office at Kurnool which is occupied by the Range Officer, provided the building is put into proper repair (*vide* my letters, etc., noted in the margin).

Nos. 1,383 and 1,503, dated 25th October and 8th November 1871, respectively.

2. For the old Range Office at Kudlighi, which is now occupied by the Overseer in charge of the Talook, I would fix Rupees 4 as the monthly rent.

3. I presume that the repairs as required will have to be carried out in each case at Government expense.

No. 204. ORDER THEREON, 13th January 1872, No. 107.

ACCOUNT, No. 20.

THE Government doubt if the proposed rent of Rupees 15 a month would suffice to keep the building in ordinary repair, seeing that it is intended to spend more than three years' rent in immediate repairs, and they are inclined to think it might be a preferable course to maintain only such portion of the building as is necessary for the accommodation of the Range Officer and stores. Similar remarks apply in the case of the Office building at Kudlighi. The Superintending Engineer will report further on both cases.

2. Under the rules the repairs must be carried out by Government, and, on the question of funds, the attention of the Superintending Engineer is directed to the orders marginally noted

Proceedings of the Madras Government
 Under date the 13th Dec/71

From the Supg Engineer 3rd Div. No. 171 of 8th Dec/71

The Government doubt
 if the proposed rent of Rs 75
 a month would suffice to
 keep the building in ordinary
 repair, seeing that it is in-
 tended to spend more than
 three years rent in immediate
 repairs, and they are inclined
 to think it might be a
 preferable course to maintain

 the accommodation of the
 Range Officer & stores. Similar
 remarks apply in the

Case of the office building
at Anslighi. The Supy
Engineer will report further
on Nothe Case.

Under the rules the repairs must be carried out by Govt, and, on the question of funds, the attention of the Supy Engineer is directed to the order invariably issued.
