*Proceeding of the Madras Government, Public Works Department,
23rd January 1872.*

No. 397. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 28th December 1871, No. 3,040 :—

ADVERTING to the concluding part of paragraph 2 of G. O., No. 3,192, dated 19th December 1871, I have the honour
1 Bill.

to bring to your notice that the present incumbent who now holds the Head Estimate-maker's post in this office has been conducting the duties of an Accountant since July 1869 to my entire satisfaction, but has been deprived of what he has been justly entitled to, *i. e.*, his pay in full, which used to be passed by the Controller to individuals holding this appointment under my predecessors. His case therefore being a hard one, I respectfully request may be most favourably taken into consideration, and the sanction of Government be obtained for authorizing the Controller of Public Works Accounts to pass the pay of that individual as an Accountant at the rate of Rupees 60 per month, at least from the commencement of the current official year. A supplemental bill for the purpose is herewith submitted.

2. At the same time I have to request that the sanction of Government may be obtained for the entertainment of an additional Local Fund Overseer in the Godavery District, as the present establishment is not sufficient to attend to the numerous Local Fund Works (besides Relief works), for which large sums have been sanctioned during the current official year.

3. I beg to add, the whole subject of additional establishment to this office was submitted to the Local Fund Board here and passed by them.

No. 398.

ORDER THEREON, 23rd January 1872, No. 203.

ESTABLISHMENT, No. 38.

In his letter No. 2,502, 10th November 1871, the Acting Superintending Engineer of the 1st Division stated that he had repeatedly brought to the notice of Government the great inconvenience experienced by him for want of an additional Accountant in his office, and he proposed that the post of Head Estimator should be done away with and an Accountant be sanctioned in lieu as the work in the Drawing Department could be conveniently performed by the Draughtsman and the Deputy Estimator.

2. The Government declined to entertain the proposal, but observed that there was no objection to the Superintending Engineer employing his Head Estimator as an Accountant on his present salary.

3. The salary enjoyed by the man in question was only Rupees 19½, consequent on his not having passed the necessary examination of Estimator to enable him to draw the full salary of the office, Rupees 60 a month.

4. Lieutenant-Colonel Fischer accordingly prepared a bill for the difference from the commencement of the current official year which on the Controller objecting to pass, the former officer now asks the Government to sanction.

5. This subject has been so persistently brought before Government by Lieutenant-Colonel Fischer that it appears desirable to bring all the circumstances

*Proceedings of the Madras Government, Public Works Department,
23rd January 1872.*

6. This being the history of the case, the Government are constrained to record their disapproval of Lieutenant-Colonel Fischer renewing an application that had on so many previous occasions been disposed of, and to desire that he will not again bring the subject under consideration until he is prepared to support his application in Lingarazu's favor by the prescribed certificate.

7. The Acting Superintending Engineer, in the letter of the 10th inst., applies for an extra Local Fund Overseer on the 1st inst.

Accountant he sanctioned
in lieu of the work in
the Drawing Office
could be conveniently
performed by the
Draftsman and
the Deputy Estimator.

The Govt declined
to entertain the proposal
but observed that there
was no objection to the
Super Engineer employing

was only Rs 19 1/2 con-
sequent on his not
having passed the
necessary examination
of estimator to enable

a month.

Lieut Col Fischer
accordingly prepared a
bill for the difference from
the commencement of
the current official year
which on the Controller
objecting to pass the
former officer now asks
the Govt to sanction.

This subject has
been so persistently
brought before Govt
by Lieut Col Fischer
that it appears desira-
ble to bring all the
circumstances under
review at once.
It is accordingly observed
that on the Acting
Super

Supr Engineer's recommen-

to by name A. Lingaraju
was exempted from
passing the Recon-

must
~~not~~ renewed his appli-
-cation on the ground
that his proceeding was
in accordance with the
practice of the Supr Engineer
who went before him
as

as Lingaraju's predecessors
had always been regarded
as writers and accountants,
but the Govt. again
declined to exempt
Lingaraju from passing
the prescribed examina-
tion as an Estimator.

G. O. 566. 18th Feb'y/70.

On the 14th March/70.

the Deputy Engineer
renewed his application
for authority to pass the
full salary of an
Estimator to A. Linga-
raju who was em-
ployed as a writer
and accountant, which

the Govt. declined to accede to.

G. O. No. 153. 26th March/70.

On the 4th Nov'r/70 the
Deputy Engineer again
urged

urged a reconsideration
of Lingaraju's claims
which was recorded.

This being the history
of the case, the Govt.
are constrained to
record their disappro-

renewing an applica-
-tion that had on so
many previous occa-
-sions been disposed of,
and to desire that he
will not again bring

recorded also applies
for an extra Local Fund
Overseer on the ground
that his present
Establishment is not
sufficient to attend to
the numerous Local

Relief works; these are
two distinct objects and
must be dealt with
separately. Such tempo-
-rary Overseers as may
be ^{with N} indispensably ne-

be brought under the
consideration of the
