*Proceedings of the Madras Government, Public Works Department,
25th January 1872.*

No. 478. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 9th January 1872, No. 4,011 :—

I HAVE the honour to submit, for the sanction of Government, a plan and estimate, amounting to Rupees 3,570, for repairing and altering the old stables at Government House, fixing teakwood steps, risers, and brackets, etc., to the stairs at the Marine Villa, which have been prepared at the request of the Private Secretary to the Governor by desire of His Lordship, who has affixed his signature to the plan in token of his approval.

2. As there are no funds under the head Civil Repairs in the Presidency District to meet the cost of this estimate, I beg to recommend that a sum of Rupees 3,570 may be transferred from the current year's allotment for Civil repairs in the Chingleput District (of which there is still a balance of Rupees 3,605) to that in the Presidency District, to enable the Executive Engineer to proceed with the work at once.

3. The sum of Rupees 11,000 applied for in my letter No. 1,891, dated 2nd August 1871, for general repairs to the Government House, Banqueting Hall, and out-offices, etc., will not be now required, as the Executive Engineer states that no further repairs are to be executed to the Government House, except the most necessary works which have been now almost completed on my orders to the extent of Rs. 2,000 and referred to in the last paragraph of my letter above quoted, as the Governor considers that the present works, etc., do not at present need renewing.

No. 479. ORDER THEREON, 25th January 1872, No. 247.

CIVIL WORKS, No. 23.

THE estimate, amounting to Rs. 3,570, and the transfer of funds proposed in paragraph 2 are sanctioned.

2. Paragraph 3 will be communicated to the Public Department to which Department the Superintending Engineer's letter therein quoted was transferred.
