Proceedings of the Madras Government, Public Works Department, 30th January 1872.

No. 589. Read the following docket of the Secretary to the Government of India, Public Works Department, (Account—General,) dated Fort William, 15th December 1871, No. 951-A.G:—

COPY of the following forwarded to the Government of Madras for information, and with the request that a report of the views of the Government of Madras may be forwarded on the point referred to in paragraph 3.

From the Secretary to the Government of India, to the Chief Commissioner, Coorg, dated 15th December 1871, No. 950-A. G.

I AM directed to acknowledge receipt of your Secretary's letter, No. 33, A.—G., dated 3rd October 1871, reporting the arrangements made for the transfer of the charge of the Military buildings at Mercara from Madras to Coorg, and with reference to paragraph 1 thereof, to convey the sanction of the Governor-General in Council to the transfer of an even sum of Rupees 1,000 from the Madras Public Works grant for 1871-72 to that of Coorg to provide for the repairs of the buildings in question. The needful funds for this purpose for next year should be provided for in the Coorg Public Works Budget Estimate out of the Public Works grant assigned to Coorg in Public Works Department Circular No. 62 of 1871.

2. The outlay on these buildings whether for new works or repairs should, from 1st April 1871, be treated as a final charge in the Coorg accounts, as against the Coorg Public Works grant, and not as a transfer to Madras.

3. As regards the transfer of the Military buildings at French Rocks and Mysore to the control of the Mysore Public Works Establishment from that of Madras, I am to say that the transfer of these small stations hardly appears advisable, unless it results in any saving of establishment. On this point the needful inquiries will be made of the Government of Madras; meanwhile the existing arrangements for the control of the Military buildings at these two stations should hold good.

No. 590. ORDER THEREON, 30th January 1872, No. 285.

ACCOUNT, No. 54.

COMMUNICATED to the Superintending Engineer of the 5th Division and to the Controller of Public Works Accounts with reference to G. O., No. 2,416, dated 22nd September 1871.

2. The Superintending Engineer will place at the disposal of the Chief Commissioner of Mysore a sum of Rupees 1,000, from his allotments under "Military," for the up-keep during the current official year of the Military buildings at Mercara.

3. The Government of India will be informed that the proposal for the transfer of the Military buildings at Mysore and the French Rocks to the control of the Mysore Public Works Department was approved on grounds of convenience, but that no direct saving in establishment was anticipated by the arrangement.

4. It will be observed that the Government of India are of opinion that existing arrangements for the charge of these buildings should remain undisturbed.
