*Proceedings of the Madras Government, Public Works Department,
7th February 1872.*

No. 134. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram 16th January 1872, No. 3,150:—

ADVERTING to G. O. of the 19th December 1871, No. 3,192, I have the honour to forward copy of a letter from the Controller of Public Works Accounts, No. 385, dated 5th instant, expressing

1 Copy of letter No. 385, dated 6th January 1872. his inability to pass the full salary of Estimator to the individual now performing the duties of an Accountant in this Office, on the ground that his present salary is only Rupees 19½. I regret very much having to trouble the Government again on this subject, the more so as it appears to me the reference is wholly unnecessary, as I have on several occasions pointed out that in this office the Estimator's salary had always, for many years past, and even by the present Controller, been passed to the individual doing the duty of an additional Accountant, and no objection raised until the present individual was appointed. I understood the G. O. above referred to as sanctioning the former arrangement, and cannot conceive the Government intended to pass an order allowing an arrangement which had been in force for more than two years and does not require any further sanction from them. This Office has during this period forfeited the full allowance for an Estimator, and the individual has continued to perform the duties of an Accountant on the reduced salary; in order to obtain the services of an Accountant, so much required here, the Local Fund Board sanctioned the increase of Establishment; this has now been disallowed, and I must again refer the matter for further orders, as, with the great increase of work in this Office, I am put to the greatest inconvenience and annoyance, and the arrangements I have proposed add nothing to the charge for Establishments of the division.

Referring to G.O. of the 19th December 1871, No. 3192, I have the honor to forward, copy of a letter from the Controller of P. W. Accounts No. 385 dated 5th instant, expressing his inability to pass the full salary of Estimator to the individual now performing the duties of an Accountant in this Office, on the ground, his present salary is only Rs. 19½. I regret very much having to trouble the Government again on this subject, the more so, as it appears to me, the reference is wholly unnecessary, as I have on several occasions pointed out that, in this Office

Office the Estimator's salary had always, for many years past, and even by the present Controller, been passed to the individual doing the duty of an additional Accountant, and no objections raised, until the present individual was appointed. I understood the J.O. above referred to, as sanctioning the former arrangement, and cannot conceive the Government intended to pass an order allowing an arrangement which had been in force for more than 2 years and does not require any further sanction from them. I must again refer the matter for
further orders, as with the great increase
of work in this Office, I am met to
the greatest inconvenience and annoyance

add nothing to the charge for Establish-
ments of the Division.
