Proceedings of the Madras Government, Public Works Department,
7th February 1872.

5. As it is very desirable that the works should at once be put in hand to utilize the money required for the larger estimates before the close of the current official year, I have sanctioned the estimates for execution in anticipation of sanction for funds now applied for.

6. The non-receipt up to date of the requisite information (*vide* G. O., No. 3,083, dated 6th December 1871,) from the Inspector-General of Jails, regarding certain alterations to the works going on at the Jail at Bellary, leads me to doubt very much if the allotment, even as reduced, can be fully utilized by the 31st March 1872, I have therefore called upon Mr. Fraser, C. E., to inform by return of post how much more of the allotment, Rupees 10,720 (as reduced), he will be able to surrender.

7. On receipt of a reply a further communication will, if necessary, be addressed to Government.
