*Proceedings of the Madras Government, Public Works Department,
13th February 1872.*

No. 226. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 7th February 1872, No. 4,491:—

With reference to the Proceedings of Government, No. 48, dated 6th instant, No. 964, dated 6th April 1870. requesting me to report what action has been taken on the G. O. marginally noted calling for plans and estimates for the erection of additional buildings at the Gun Powder Manufactory, I have the honour to state that the required plans and estimate were submitted to this office by the Executive Engineer, Presidency, in July 1870. As, however, these documents were not in accordance with the principles of the standard designs from England, furnished by the Inspector General of Ordnance and Magazines, they were sent back to Captain Hunter for revision.

2. The revised plan and estimates were forwarded by Captain Hunter, R.E., in December 1870, and were being examined in this office, but their submission to Government has been deferred with reference to the orders of the Government of India, communicated with the Proceedings of this Government, No. 421, dated 10th February 1871, declining to sanction the construction of any additional buildings "beyond what may be required to maintain the manufactory on its present footing."

3. The plans and estimates of the new buildings are in this office, and can be forwarded if required.

No. 227. ORDER THEREON, 13th February 1872, No. 420.

MILITARY WORKS, No. 9.

THE Superintending Engineer of the 4th Division will forward the plans and estimates referred to in paragraph 3

for submission to the Government of India with this explanation.

Sir,

With reference to the Proceedings
of Government No. 48 dated 10th Instant
requesting me to report what action has been
taken on the Lj. O. marginally noted calling
for plans and estimates for the erection of
additional buildings at the Gun Powder Man-
factory, I have the honor to state that the
required Plans and Estimate were submitted
to this Office by the Executive Engineer Presiding
in July 1870. As however these documents were
not in accordance with the principles of the
Standard designs from England furnished
by the Inspector General of Ordnance, and
Magazines, they were sent back to Captain
Hunter for revision.

The revised Plan and Estimates
were forwarded by Captain Hunter R. E.

in December 1870, and were being examined
in this Office, but their submission to Govern-
ment has been deferred with reference to
the orders of the Government of India com-
municated with the Proceedings of this
Government N^o 421, dated 10th February 1871,
declining to sanction the construction of
any additional buildings "beyond what may
be required to maintain the manufactory
on its present footing".

3 The Plans and estimates of
the new buildings are in this Office, and
can be forwarded if required.

I have the honor to be

Sir
