Proceedings of the Madras Government, Public Works Department, 15th February 1872.

No. 256. Read the following letter from the Superintending Engineer, 8th Division, to the Secretary to Government, Public Works Department, dated Madura, 17th January 1872, No. 3,988:—

I HAVE the honour to report that as there was an urgent necessity for the services of an experienced Overseer, and as there were no passed candidates available, I have, in anticipation of the approval of Government, ventured to nominate an unpassed candidate, T. Moothoocoomaroosawmy Pillay, a Local Fund Overseer in the Southern Range, Tinnevelly District, to act as Taluq Overseer on probation for one year in the place of Ramasawmy Auchari, dismissed by Government in G. O. of the 16th December 1871, No. 3,163, and I have posted him to the Southern Range, Tinnevelly, and I trust that this arrangement will meet with the approval of Government.

2 Surveys.
1 Level.

2. Moothoocoomaroosawmy Pillay is quite qualified for the situation of Taluq Overseer. He understands surveying, levelling, plan-drawing, and estimate-making, and he has a good knowledge of accounts. He served in this office as Deputy Estimate-maker for upwards of five years.

3. Moothoocoomaroosawmy Pillay is technically acquainted with brick-layer's work and Moochie's work, and he has a fair knowledge of English. Having been employed for the past year as Local Fund Overseer, he is practically acquainted with the method of executing works of all descriptions. In short his general abilities are such as to afford a guarantee that he is likely to rise in the department should he permanently be appointed as Taluq Overseer.

4. I may mention, in conclusion, that Moothoocoomaroosawmy Pillay promises to pass the test prescribed for Taluq Overseers before the expiration of the period of his probation.

5. The enclosed surveys and levels are specimens of the Pillay's work.

No. 257. ORDER THEREON, 15th February 1872, No. 437.

ESTABLISHMENT, No. 18.

SANCTIONED on probation for one year at the expiration of which time the Superintending Engineer will apply to the Principal of the Civil Engineering College for the necessary examination papers to test Moothoocoomaroosawmy's knowledge and acquirements.
