*Proceedings of the Madras Government, Public Works Department,
19th February 1872.*

No. 312. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 5th February 1872, No. 2,042 :—

With reference to paragraph 3 of G. O., No. 211, dated 23rd ultimo, I am constrained to observe that the remarks of the Collector of Cuddapah, as contained in paragraph 7 of his report regarding the Gunganapalli Mullappah tank in the Cuddapah Taluq, appear to have been made without due inquiry in the proper quarter.

2. My letters referred to in G. O., Nos. 3,273 and 740, dated respectively the 11th October 1869 and 9th March 1870, and the reports forwarded with those letters, placed Government in full possession of all the particulars of the case, and to now enter into any detailed explanation on the haphazard remarks of the Collector I consider would simply be to recapitulate the circumstances which Government are already in possession of.
