*Proceedings of the Madras Government, Public Works Department,
21st February 1872.*

No. 355. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Kurnool, 20th January 1872, No. 1,925:—

I HAVE the honour to forward, for the orders of Government, enclosed estimates, etc., for improving and repairing the Range Office at Madnapully in the Cuddapah District.

2. The first of these estimates provides for the construction of buttresses to the west wall of the present office and for thoroughly repairing the whole building. The estimate amount, Rupees 264, exceeds one-fourth of the value of the building.

3. The second estimate, amounting to Rupees 680, provides for the construction of a store-room with verandah, as no such building exists, and the present Range Office, besides being in a state of disrepair, is found to be insufficient in space.

4. My own opinion of the matter is that the building now used as a Range Office should be repaired and converted into store-shed, and that a separate place be built for a Range Office at a cost not exceeding Rupees 500.

5. Mr. O'Ratigan, writing again on the 29th ultimo, requests permission to hire a building at a monthly rent of Rupees 15, to be used as a store-room for the range and taluq stores and records, I therefore trust that sanction to this arrangement may be accorded until the construction of a new office.

6. I beg to enclose Mr. O'Ratigan's letter for information and return when no longer required.

No. 356. ORDER THEREON, 21st February 1872, No. 489.

CIVIL WORKS, No. 15.

As the proposed arrangement for converting the present Range Office at Madnapully into a store-room, and constructing a new office at a cost not exceeding Rupees 500, is not likely to be more expensive than the repair of the present building and the addition of a store-room, the Government direct that the necessary estimates may be submitted, and pending the provision of accommodation for the stores, the Government approve of the proposal to rent the building, which is stated to be available, at a monthly rent of Rupees 15.

Sir,
I have the honor to forward for the orders of Government, enclosed Estimate also for improving and repairing the Range Office at Chidambaram in theuddaloh District.

2. The first of these Estimates provides for the construction of buttresses to the west wall of the present Office and for thoroughly repairing the whole building. The Estimate amounts, Rs 264, 14 pds one fourth of the value of the building.

3. The second Estimate amounting to Rs 680 provides for the construction of a store-room with verandah as no such building exists and the present Range Office besides being in a state of disrepair, is found to be insufficient in space.

4. My own opinion of the matter is that the building now used as a Range Office should be repaired and converted into store shed and that a separate place be

built for a Range Office at a cost not exceeding
\$500.

5. Mr O'Ratigan, writing again on the
29th ult. ins, requests permission to hire a building
at a monthly rent of \$15. to be used as a
store room for the Range and Calook skins &
records, I therefore trust that sanction to this
arrangement may be accorded until the construction
of a new Office.

6. I beg to enclose Mr O'Ratigan's letter
for information and return it as no longer
required.
