No. 36. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 14th February 1872, No. 2,124 :—

In forwarding, for the information of Government, the accompanying letter*

* No. 668, dated 11th February 1872.

(in original) with its enclosures from

Mr. Assistant Engineer Montserrat, in charge of Hospett Range, I have the honour to request Government will direct that Serjeant H. Perrin, R. E., Acting Taluq Overseer, be remanded to his corps.

2. Mr. Montserrat has entered so fully into details of Serjeant Perrin's several irregularities and neglect of duty that it is unnecessary for me to recapitulate the circumstances which induce me to recommend Serjeant Perrin's remand. I however beg to draw attention to Serjeant Perrin's note, in which he admits to not, on the 10th February, having his diary written up, although the orders I have issued to prevent fudging up such record are that diaries should be daily written up.

3. Serjeant Perrin joined this department at the end of December 1870, and was posted to the Madanapully Range, Cuddapah District, and I regret to say that I was soon after obliged to transfer him to the Hospett Range, which he joined on 31st August 1871, as I found that he was neglecting his duties, and in many other respects showed that it was necessary he should be placed under control so as to be brought under stricter supervision.

4. Pending receipt of the order for his remand, I have directed Serjeant Perrin to be suspended from his duties.

No. 37. ORDER THEREON, 2nd March 1872, No. 575.

ESTABLISHMENT, No. 4.

THE Government approve of Serjeant Perrin's removal from the department, and his services will accordingly be replaced at the disposal of His Excellency the Commander-in-Chief.
