No. 6. Read the following Endorsement of the Chief Engineer for Irrigation, dated Fort St. George, 6th March 1873, No. 84 :—

From the Acting Manager of the Madras Irrigation and Canal Company, to the Chief Engineer for Irrigation, dated Madras, 28th January 1873, No. 16.

WITH reference to G. O. No. 2,327 of 4th October 1872, I have the honour to request that you will do me the favour to obtain sanction for the disbursement of a further sum of Rupees 300 in the supply of stationery, etc., to the offices of the Upper and Lower Sections for the year 1872-73.

2. In my letter No. 184 of the 29th July 1872, upon which the above order was passed, I stated that, in assessing the amount, I had no certain data to guide me, and that the sanction asked for might prove inadequate to cover the expenditure. This has turned out to be the case. The stationery, etc., required by the offices in question has exceeded my anticipations, and the amount asked for would in any case have been insufficient; but, besides this, in framing my estimate, I inadvertently omitted to consider the store charges, and hence it is that so large an addition to the sanction has become necessary to cover the expenditure to the end of the official year.

*Proceedings of the Madras Government, Public Works Department,
1st April 1873.*

From the Acting Manager of the Madras Irrigation and Canal Company, to the Chief Engineer for Irrigation, dated Madras, 4th March 1873, No. 47.

In reply to your letter No. 129 of the 1st instant, I have the honour to inform you that our store charges account is composed of the several expenses attendant upon the custody, manipulation, and carriage of stores, such as salaries, rent, and cartage, and that each item of stores issued takes its proportion of these "store charges" in the account we render to the Government.

2. The Rupees 240-11-2 referred to by you is the amount of store charges debitable upon the value of my estimate of stores required, and it was in great part the accidental omission of this item from my original estimate which rendered an application for further sanction necessary.

SUBMITTED to Government for sanction.

2. The expenditure incurred should be debited to Revenue.
