No. 23. Read the following letter from the Consulting Engineer for Railways, to the Secretary to Government, Public Works Department, dated Madras, 25th March 1873, No. 175:—

Reference to the Orders of Government Nos. 464 and 765, dated 12th February and 19th March 1873, I have the honour to report that I have appointed Mr. A. Joseph to receive and superintend the despatch from Negapatam of permanent-way materials for the Nizam's State Railway.

2. Mr. Joseph was recently in the employment of the Madras Railway Company, holding an appointment under the Chief Engineer, but in consequence of reductions in the office his services were dispensed with.

3. I consider him competent for the work, as Mr. Anderson, the Chief Engineer, recommends him highly, and his duties on the Madras Railway have been very similar to those which he will undertake at Negapatam.

4. I have arranged to give him Rupees 100 per mensem, including all allowances, and to this I request the sanction of Government; also to the enclosed bill for an advance of Rupees 100, which Mr. Joseph has asked for to enable him to meet the liabilities contingent on the journey.

5. He starts for Negapatam this evening.
