*Proceedings of the Madras Government, Public Works Department,
4th April 1873.*

Read the following letters :—

No. 104. From the Special Executive Engineer, Wynaad, to the Secretary to Government, Public Works Department, dated Luckadie, 27th January 1873, No. 38 :—

I HAVE the honour to forward plan and estimate for an Overseer's residence at Goodaloor, which I presume will be a legitimate charge on Provincial Funds.

2. A cutcha building with a bamboo roof and thatch was erected several years ago by Mr. O'Shaughnessy, then Range Officer; this is now little better than a white-ant nest in walls, roof, and every other part; it will be impossible for the Overseer to inhabit it another season. I need scarcely enlarge on the inclemency of the Goodaloor climate, but the exigency of work will always render it necessary that either a Range Officer or an Overseer should reside there; and, if so, a residence is of course absolutely necessary, and neither at Goodaloor nor any part of Wynaad is it possible to rent a house.

3. In the estimate now submitted, I have anticipated provision for an Overseer as permanent resident, with an extra room for the Range Officer whenever he has to visit the place. To explain the reason for the latter, I will notice that there is no Traveller's Bungalow at Goodaloor, nor does there seem any intention on the part of the Local Fund Board to build one.

4. As it has hitherto been customary to limit expenditure on Overseer's houses to Rupees 500, I must explain my reason for submitting an estimate so much beyond that amount; and it is that I think in such a climate as Wynaad an exception can fairly be claimed, and employes of the Public Works Department be permitted the same advantages as are enjoyed by those of other departments, such, for instance, as Sub-Magistrates, Postmasters, Police Inspectors, Head Constables, in providing residences for whom no such limits are insisted on.

No. 105. From the Officiating Executive Engineer, Wynaad.

Major R. B. Kennedy
Spl. Executive Engineer - Bynad

To
The Secretary to Government
Department Public Works
Madras

Sir,

I have the honor to forward Plans & Estimate
for an Overseer's residence at Gordaloor, which I
presume, will be a legitimate charge on Provincial
Funds.

2. A putcha building with a bamboo roof and
thatched, was erected several years ago by Mr
O'Shaughnessy, then Range Officer; this is now
little better than a white ant nest in walls,
roof and every other part; it will be impossible
for the Overseer to inhabit it another season.

I need scarcely enlarge on the inclemency
of the Gordaloor climate, but the exigency of
work will always render it necessary that either
a Range Officer or an Overseer should reside
there; and, if so, a residence is of course ab-
solutely necessary; and neither at Gordaloor
nor

nor any part of Hyman is it possible to
rent a house.

3. In the estimate now submitted, I have
anticipated provision for an Officer permanent
resident, with an extra room for the Range
Officer, whenever he has to visit the place. To
explain the reason for the latter, I will state
that there is no Travellers' Bungalow at Gor
daloor, nor does there seem any intention on
the part of the Local Fund Board to build one.

4. As it has hitherto been customary to limit
expenditure on Overseers' houses to Rs. 500, I must
explain my reason for submitting an estimate
so much beyond that amount. And it is that
I think in such a climate as Hyman and
Khepton and fairly he claimed, and superiors
of the Public Works Department, he permitted
the same advantages as are enjoyed by those
of other Departments, such for instance, as
Submagistrates, Postmasters, Police Inspectors,
Road Constables, and in providing residences
for whom, no such limits are insisted on.

8

I have the honor to be
