RESOLUTION.—Under instructions received from the Secretary of State, the Governor General in Council is pleased

* *Paragraph 11.*—The cost of maintaining, in a proper condition, the works when completed must be charged to the Revenue Account; but if any extraordinary casualty should occur, such as the destruction of a bridge by flood, the case must be regarded as exceptional, and the cost of construction or replacement must be charged to Capital or Revenue, or divided between them, as may be deemed proper, according to the circumstances of the case.

Governor General in Council is pleased to rule that the outlay incurred on works which may come within the category of those contemplated in the 11th paragraph* of Sir C. Wood's Despatch No. 17 of the 9th March 1864, and which are not finally disposed of by the Government of India during or prior to the close of the half-year in which the expenditure has been incurred, must, in the first instance, be treated exceptionally and be carried to a suspense account with a view to subsequent adjustment. In cases where final orders regarding such items have not been asked for, as full an explanation as is available should accompany the Revenue Account of the period involved, with a view to the matter being reported to the Secretary of State, who, if possible, will pass final orders regarding them before the accounts are laid before the shareholders. The outlay on such undisposed of items should in all ordinary cases be met from Revenue Advance Funds in the first instance, and be treated as a suspense account under Revenue, and shown as such in the half-yearly balance sheet Form No. XVIII. In case of any very large transactions of this kind, where it is probable that some portion of the charge will ultimately be met from Capital, orders should be applied for to charge a portion in the first instance to that account.

ORDER.—Ordered, that this Resolution be communicated to the Local Govern-
