				1,200

and the same shall be retained on the Upper works pending report by the District Engineer, to whom all Mr. Vanstavern's letters will be referred.

2. It is remarked that Overseers Rogers and Jackson and Draftsman Somalingum have apparently been provided for by the Nagpore Government, and that the services of Assistant Surgeon Dalgairns have been placed at the disposal of the Military authorities from the 1st April.

3. The District Engineer will endeavour to provide employment for the under-mentioned Clerks :—

M. Streenivasaloo.
C. Prakasa Row.
A. Vooluka Naidoo.
V. Nagaserswamy.

4. For the maintenance of the works the Executive Engineer proposes that a sum of about Rupees 7,000 be provided as originally allowed, but he divides the sum into—

Permanent Establishment ...	RS.
Occasional Repair Expenses ...	3,612
	3,363
Total...	6,975

at which the sanction will stand.

*Proceedings of the Madras Government, Public Works Department.
7th April 1873.*

5. The District Engineer will report with all expedition, after due communication with Mr. Vanstavern, on the arrangements existing and required as to conservancy, hospital establishment, storage of powder, disposal of plant and tools and stores. He is at liberty to order down any of the above that can be better utilized or stored at Dowlaishweram than at Doornagudiem.

6. Lieutenant-Colonel Fischer will avail himself of an early opportunity of visiting the Barrier works after the river becomes navigable, when he will report fully on the land and its revenue referred to in Mr. Vanstavern's letter of the 17th March.

I think it would be very undesirable to sanction the proposed arrangement, which will entail heavy additional work on Range officers and the paper printed there establishments. The rules require that details such as those ^{called for} by the Local Fund Board

of the Upper House
very properly propo-
sed to retain the
services
