*Proceedings of the Madras Government, Public Works Department,
9th April 1873.*

No. 202. Read the following letter from the Officiating Deputy Secretary to the Government of India, Public Works Department, (Railway,) to the Secretary to the Government of Madras, Public Works Department, (Railway,) dated Fort William, 26th March 1873, No. 517 G. R. :—

I AM directed to acknowledge the receipt of your docket No. 789, dated the 13th March 1873, stating that the Consulting Engineer has sanctioned the Madras Railway Company's proposal that twenty out of the fifty coke wagons now being converted into covered goods wagons shall be lengthened from 16 to 20 feet, and that ten out of these twenty vehicles shall be fitted with brakes.

2. In reply, I am directed to observe that the Government of India approve of the action taken, and await the promised estimate. As the wood-work of the old wagons was in a bad state, a proportion of the cost of conversion will, it is presumed, be charged to Revenue.
