No. 264. ORDER THEREON, 17th April 1873, No. 1,120.

ACCOUNT, No. 20.

THE grant from Provincial Funds for expenditure on Public Works has been fixed by this Government at 12 lakhs of Rupees, and has been distributed as follows :—

	New Works.	Repairs.	Total.
	Rs.	Rs.	Rs.
Civil Buildings	4,71,660	1,24,525	5,96,185

Minor New Works at the disposal of District Engineers	11,500	.....	11,500
Total...	7,95,000	1,86,000	12,00,000

2. From the Budget, herewith circulated for the information and guidance of the department, it will be seen that preference has been given to incomplete works which were in progress in 1872-73, or on which a large outlay had been incurred in previous years. A few other works selected by Collectors, which it seems desirable to put in hand, and which have not yet been commenced, have been included. District Engineers will expedite the submission of the estimates which are awaited, and of revised estimates which may be required, and His Excellency the Governor in Council will expect every effort to be made for the proper utilization of the grants provided in the Budget.

3. The Reserve as shown above is Rupees 63,840. It will be distinctly intimated that incomplete works will have the first claim on the amount thus set apart, and should any balance be available it will only be granted for works, the estimates for which have been duly sanctioned. As the Reserve is small, District Engineers will be careful to use some discretion in the selection of works which they may propose for execution from that source.

4. The grant for Police Buildings has, in accordance with the practice of former years, been entered in lump sums, but no works, for which estimates have not yet been passed with reference to the list approved in G. O. No. 2,340, dated 7th October 1872, will be carried out until regularly sanctioned.

5. A grant of Rupees 10,000 for each of the Light-houses at Cape Comorin and Kadipatam has been entered, pending a reference which will be made to the
