~~B.P. No.~~ 276, 295,	Mis.
Dated 18-4-	1873.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department,
18th April 1873.

Read the following letters —

No. 276. From the District Engineer, Chingleput, to the Secretary to Government, Public Works Department, dated Guindy, 21st February 1873, No. 489.

I HAVE the honour to forward, for the sanction of Government, an estimate amounting to Rupees 420 for removing mud wall, levelling ground, and constructing compound wall to the ground close to the site of Soldiers' Institute at St Thomas' Mount.

2. The estimate has received the approval of the Officer Commanding Centre District and of His Excellency the Commander-in-Chief.

3 The Range Officer has asked for funds out of the amount, Rupees 10,000, surrendered from the allotment for the Artillery Barracks at Mount to complete the work before the close of the current official year, and the work is included in Statement of Demands for Imperial Funds "Original Works," submitted with my letter, No 598, dated 15th February 1873.

No 277. From the same Officer, dated Guindy, 17th March 1873, No 958.

WITH reference to your Memorandum No 250, dated 28th February 1873, I have the honour to inform you that the estimate therein referred to was prepared by Major Hunter, R E , at the request of the Cantonment Magistrate of St. Thomas' Mount, as the ruined mud wall was a constant source of complaint, and its removal and the enclosure of the piece of ground by something more sightly were very desirable.

2 The estimate was also approved of by the Military Authorities, but was deferred for want of funds.

No 278 to 295. ORDER THEREON, 18th April 1873, No. 1,126A.

MILITARY WORKS, No. 7.

THE Cantonment Magistrate of St. Thomas' Mount will be requested, through the Judicial Department, to employ the prisoners at his disposal in removing the mud wall and levelling the ground in the vicinity of the Soldiers' Institute, after which the site should not be enclosed, but sold under such reserved conditions as will protect the Institute from objectionable trades being carried on in its neighbourhood.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the District Engineer, Chingleput
