*Proceedings of the Madras Government, Public Works Department,
19th April 1873.*

No. 321. Read the following letter from the District Engineer, Bellary, to the Secretary to Government, Public Works Department, dated Camp at Allur, 29th March 1873, No. 2,736 :—

I HAVE the honour to bring to your notice that the Controller of Public Works Accounts has disallowed the salaries for two lascars employed under Overseer Prout, agreeably to the sanction conveyed in G. O. No. 416, dated 7th February 1873. The Controller urges that the above order authorizes no additional establishment; that only three Taluq Overseers are allowed for the Bellary Range as noted in the margin, and that only these Overseers are entitled to establishment.

1 Overseer for the Cantonment.
1 Overseer for Bellary Taluq.
1 Overseer for Raidroog do.

2. I have to observe that Overseer Prout, whose permanent charge is Bellary Taluq, was ordered by Major Vertue to do duty in the cantonment as a temporary measure, deputing Mr. Mitchell, the Local Fund Overseer, to the charge of the Bellary Taluq. Mr. Prout is now engaged in preparing the surveys and levels connected with the Alipore Tank Project, and will have to continue in charge of this work until its completion.

3. On the authority of the same Government order, a writer also has been entertained for Mr. Prout during this month; he was, however, lately sent to the Adony Taluq Overseer's Office, the writer attached to that taluq having been dismissed.

4. Having already explained the necessity for the services of two lascars for Mr. Prout, I request that Government will be pleased to authorize the entertainment of the lascars under "Temporary Establishment" and that the Controller be instructed to pass the salaries under that head. The payment of the salary due to the writer for the days he was employed under Mr. Prout may also be authorized.

No. 322. ORDER THEREON, 19th April 1873, No. 1,138.

ESTABLISHMENT, No. 26.

THE District Engineer's letter recorded with G. O. No. 416, dated 7th February 1873, did not explain that the establishment applied for was additional to the regular permanent scale, and the order thereon conveyed no authority for the entertainment of temporary hands; but, under the circumstances brought to notice in the present letter, His Excellency the Governor in Council authorizes the Controller of Public Works Accounts to pass the pay of the writer engaged for Overseer Prout for the number of days he was actually employed on special duty, and sanctions the pay of the lascars being charged against the Minor Works Grant under "Military" for the period during which their services may be required in connection with the Alipore Tank Project.
