*Proceedings of the Madras Government, Public Works Department,
21st April 1873.*

No. 343. Read the following letter from Lieutenant R. R. E. BROCKMAN, R. E., Officiating District Engineer, Trichinopoly, to Colonel G. W. WALKER, R. E., Chief Engineer and Secretary to Government, Public Works Department, dated Trichinopoly, 5th April 1873, No. 3:—

I HAVE the honour to submit, for your favourable consideration, the enclosed copy of the Register of Services of Local Fund Overseer Thannacoty Pillay, attached to the Woodiarpollum Sub-division of the Trichinopoly Range, and to inform you that I have known this subordinate since the amalgamation of the Woodiarpollum and Trichinopoly Ranges in September last, and consider him to be a hard-working and energetic individual, and fully competent to undertake and satisfactorily perform all the duties devolving upon an Overseer on the Imperial Establishment. He is young and active and takes a keen interest in the works entrusted to his charge, and I think his transfer to the Imperial List of Overseers would be a step to which he has by long and assiduous service, extending over fifteen years, earned a fair and undoubted claim. I have the honour, therefore, to request that the sanction of Government may be accorded to the transfer referred to as a special case upon a vacancy occurring, as, although Thannacoty Pillay has not passed any of the College tests, his qualifications, combined with the long practical experience he has already had in the working of the department, will, I trust, be accepted as evidence sufficiently important to dispense with the passing of the Overseer's test referred to. He can survey, level, and draw plans accurately, whilst his estimates have always been prepared with care and attention to minor details.

No. 344. ORDER THEREON, 21st April 1873, No. 1,148.

ESTABLISHMENT, No. 29.

His Excellency the Governor in Council does not see sufficient reason for exempting Local Fund Overseer Thannacoty Pillay from the operation of G. O., No. 2,165, of 12th September 1872. There is no objection to his appointment on probation as an Imperial Overseer, his confirmation being dependent on his passing the prescribed test within twelve months.
