*Proceedings of the Madras Government, Public Works Department,
25th April 1873.*

No. 428. Read the following letter from Colonel C. H. DICKENS, R. A., Secretary to the Government of India, Public Works Department, (Account—Irrigation,) to Colonel G. W. WALKER, R. E., Secretary to the Government of Madras, Public Works Department, dated Fort William, 22nd March 1873, No. 71 A. I:—

I AM directed to acknowledge receipt of your communication, No. 90, dated 10th January 1873, furnishing explanation regarding the cause of the short outlay against the grant for Agricultural Repairs, and, in reply, to state that the Government of India cannot agree to the proposal that appropriations should be made to the extent of 7 per cent. in excess of grants, in view to a full expenditure of the whole allotment. If in future years it be found that the full allotment is not worked up to, the Government of India will bear in mind in dealing with the annual appropriation accounts that a short outlay of about 7 per cent. may be due to the difficulties of working exactly to the grants made, and will abstain from basing any reductions in subsequent allotments on such short outlay. The Government of India would however prefer that the total allotment should be worked up to, and would be glad if the Madras Government could make subsidiary arrangements to effect this.

No. 429. ORDER THEREON, 25th April 1873, No. 1,192.

IRRIGATION, No. 24.

COMMUNICATED to the Chief Engineer for Irrigation and to the Controller of Public Works Accounts.

2. Under the circumstances, His Excellency the Governor in Council trusts that the arrangements sanctioned in G. Os. of 16th December 1872, No. 2,972, and No. 1,093 of 12th April, will ensure the grant under Agricultural being advantageously worked up to.
