*Proceedings of the Madras Government, Public Works Department,
25th April 1873.*

No. 442. Read the following letter from Major J. VERTUE, R. E., District Engineer, Salem, to Colonel G. W. WALKER, R. E., Chief Engineer, Public Works Department, dated Salem, 7th March 1873, No. 35 :—

IN continuation of my letter No. 24, dated 5th February 1873, and under the assumption that a medical certificate is required from all who may have future claims to pension, I beg to be informed whether a modified form of certificate may not be accepted in the case of office servants who have purely in-door work to perform, it being evident that a man may be very well qualified for such work though disqualified for out-door work, which entails exposure, fatigue, and privation.

2. The Civil Surgeon informs me that the form of certificate adopted is very stringent, and that under it he has been compelled to reject a useful member of my office, who is perfectly competent to perform office duty.

ESTABLISHMENT, No. 40.

His Excellency the Governor in Council does not consider that sufficient cause is shown in this letter to warrant an application to the Government of India for a modification of the provisions of the Civil Pension Code.

3/ H. E. No 35 of 7th March 1731

I rather think some
misapprehension of the
Certificate in Court Book
has been introduced
or recommended. They
will be sent in the office.

His Excellency the
Governor in Council does
not consider that
sufficient cause is
shown in this letter
to warrant an applica-
tion to the Government
of India for a modifi-
cation of the provisions
of the Civil Pension
Code.

It has been ascertained that no modification of the Certificate has been either suggested or recommended —
