No. 506. Read the following endorsement of the Revenue Department, dated Fort St. George, 7th March 1873:—

Read the following Proceedings of the Board of Revenue, dated 4th March 1873, No. 306.

From J. H. MASTER, Esq., Acting Collector of Bellary, to the Secretary to the Board of Revenue, dated Tadpatry, 15th February 1873, No. 36.

I HAVE the honour to inform you that notwithstanding the orders of Government, communicated with the Proceedings of the Board, Miscellaneous No. 3,806, dated 28th May 1872, the Civil Buildings' Budget for this district for 1873-74 has been submitted to Government by the Superintending Engineer without any communication with this office.

2. It is true that the Chief Engineer has now (February) re-transmitted it to the District Engineer in order that the opinion of the Revenue Authorities may be obtained as to which of the many works entered therein are urgently required, but this procedure necessitates great delay.

3. The grants for two Taluq Cutcheries have already been surrendered this year from this very cause, the estimates for the buildings not being ready; and it really appears possible that the grants for the ensuing year may not be utilized,

SUBMITTED for the orders of Government.

ACCOUNT, No. 35.

THE bad arrangements for utilizing the sums allotted for Civil Buildings in the Bellary District have been already commented on in G. O., No. 496, of 15th February, shortly after issue of which the District Engineer's List of Buildings approved for entry in the Budget of 1873-74 was received. They are four in number, for one of which only, and three Cutcheries already in progress, can allotments be made in this year's Budget, viz:—

	Rs.
Sub-Magistrate's Cutcherry, Yemmiganocr	5,000
" " Raidroog	7,500
" " Pennacondah	7,500
Sub-Collector's Cutcherry at Ghooty	2,000
	<u>22,000</u>

It remains to be seen how these grants can be supplemented from the Reserve.

2. These early intimations of allotments should obviate all difficulty as to timely progress with works, so far as the Government are concerned. The

The bad arrangements for utilizing the sums allotted for Civil Buildings in the Bellary District have been already communicated on in G.O. No 496 of 15th February, shortly after issue of which the District Engineer's List of Buildings

Buildings approved for
entry in the Budget
of 1873-74 was received.
They are 4 in number,
for which, and the 2
Cutcherries already in
progress the following allot-
ments have been made.

Talook Cutcherry at Adony - Rs. 7500

-pletion of the Sub Collec-
-tors Cutcherry at Ghoshy

These early
indications of allot-
ments should obviate
all difficulty as to
timely progress with
works, so far as the
Government are concern-
ed. The District En-
gineers will now do
his duty first by sub-
-missions of the necessary
Estimates, and secondly
by personally looking

rangements for carry-
ing out the works,
made by Range

Collector will be ^{expected} ~~expected~~ to facilitate building operations by seeing to the timely selection of sites, and their being placed at the disposal of the Public Works Officers without delay.

It has been conclusively evidenced to Government, that apathy and want of co-operation have not been confined to the Public Works Department, by the fact that in some Districts thousands of Rupees were spent in collection of materials in 1869-70

I have made a little note about ~~form~~ ^{these} of the illustrations which I think will show that it would be premature to send out the last page. I think there should be some instruction regarding the selection of materials, before the sites are made over. I think it is made over in most exceptional circumstances. The materials did not ~~be~~ ^{be} ~~sent~~ ^{sent} ~~in~~ ⁱⁿ ~~the~~ ^{the} ~~last~~ ^{last} ~~page~~ ^{page}. P.P. 6

Before using such strong language I should like a Memo showing cases in which there has been delay. Surely selection of site ^{& obtaining permission} should precede collection of materials. M

for buildings the grants for which could not be utilized in 1872-73 simply because the sites had not been obtained and handed over. W.M.
