*Proceedings of the Madras Government, Public Works Department,
1st May 1873.*

No. 3. Read the following letter from Lieut.-Colonel J. F. FISCHER, R. E., District Engineer, Godavery, to Colonel G. W. WALKER, R. E., Secretary to Government, Public Works Department, dated Dowlaishweram, 15th March 1873, No. 1,236 :—

At the suggestion of the Controllor of Public Works Accounts I beg to submit herewith, for the orders of Government, the accompanying list of disallowances

1 List. from the travelling allowance bill of the officer in charge of the No. 3 Range, Godavery, for December 1872, and to invite attention to the objections to the charge for travelling batta to a Taluq Overseer's Writer, and to the explanation etc., offered both by the Range Officer and this office.

2. The ruling in the Government Order under which the disallowance is based appears to me to be one of a general nature, and consequently applicable to Writers attached to all subordinates. If however I have misinterpreted the same, I beg to observe that the class of Writers known as Taluq Overseers' Writers are the hardest worked and smallest paid men. They have as much travelling as the Overseers, and have to get through the same the best way they can with the small pittance allowed them, viz., Rupees 15 per mensem. They are unable with this small salary to procure any means of travelling, and the result very often is that the Writer does not accompany the Overseer right through his tours of inspection (because it is a matter of impossibility for him to do so), and work is delayed for want of the Writer's assistance as regard to accounts, etc.

3. Under these circumstances I trust the Government will concede to Taluq Overseers' Writers the same indulgence now enjoyed by those employed under Sub-divisional Officers, Sub-Engineers, etc., *i. e.*, if they are not already entitled to the same under the ruling of G. O., No. 2,674, dated 13th November 1872.

No. 4. ORDER THEREON, 1st May 1873, No. 1,239.

ESTABLISHMENT, No. 2.

Looking to the circumstances of Taluq Overseers' Writers, His Excellency the Governor in Council approves of the provisions of G. O., No. 2,674, dated 13th November 1872, being extended to those subordinates, and the sanction of the Government of India will be solicited accordingly.

ESTABLISHMENT, No. 3.

SIR,—Adverting to G. O., No. 2,674,
dated 13th November 1872, sanction-
ing batta to the Writers of subordinates

other than those in charge of taluqs, I am directed by His Excellency the Governor in Council to request that the sanction of the Government of India may be accorded to the provisions of that order being extended to Taluq Overseers' Writers, who, from the circumstances of their position and pay, are, in His Excellency's opinion, equally if not more entitled to the indulgence which has been conceded to the Writers of other subordinates of the Department of Public Works.

2. The orders under which Taluq Overseers' Writers are apparently debarred from drawing batta are those communicated with the Proceedings of the Government of India, under date the 29th January 1859, No. 534, a re-consideration of which I am now directed to solicit.

I have the honour to be,

Sir,

Your most obedient servant,

From
1. List.

At the suggestion of the Controller of P.M. Accounts, I beg to submit herewith for the orders of Government the accompanying List of Disallowances from the Travelling Allowance Bill of the Officer in Charge of the No 3 Range, Godavery for December 1872, and to invite attention to the objections to the charge for Travelling, Batta to a Saling Overseer's Writer, and to the explanation &c offered both by the Range Officer and this Office.

2. The ruling in the G.O. under which the disallowance is based, appears to me to be one of a general nature, and consequently applicable to writers attached to all subordinates. If however I have misinterpreted the same, I beg to observe that the class of writers known as Saling Overseers' writers are the lowest, worst, and smallest paid men. They have as much travelling

travelling as the Overseers, and have to get through
the same, the best way they can, with the small
pittance allowed them viz: Rs 15 per mensem.
They are unable with this small salary to pro-
cure any means of travelling, and the result
very often is, that the writer does not accompany
the Overseer right thro his tours of inspection
(because it is a matter of impossibility for
him to do so) and work is delayed for want of
the writers assistance as regards accounts &c.

3. Under these circumstances, I trust
the Government will concede to Suly Overseers
writers the same indulgence now enjoyed by
those employed under Sub-Divisional Officers &
Sub-Engineers &c. i.e. if they are not already
entitled to the same, under the ruling of G.O. No 2474

It is perfectly clear that the Order
of the B. A. Association in 1872, not only refused to
accept Salathiel Brewster's "Prisoners from
the Privilege of Adversing battles."
The unbroken letter did not not Smell
the ink - the Overseers write on quality. In

It is presumed that the entry "on leave" opposite the 28 th to 30 th in Lieut Doreward's Inspection Report for December 1872 has reference to the <u>Christmas Holidays</u> , as no report of formal leave having been granted to Lieut Doreward has been made to this office.
