No. 30. Read the following letter from Lieutenant-Colonel J. H. M. SHAW-STEWART, R. E., Consulting Engineer for Railways, to Colonel G. W. WALKER, R. E., Secretary to Government, Public Works Department, dated Madras, 18th April 1873, No. 223:—

REFERRING to this office letter No. 161, dated 14th March 1873, I have the honour to submit a further letter* from the Agent of the Madras Railway, giving cover to a communication from the

Acting Chief Engineer, and requesting that the authority of Government may be communicated at once to the transmission of his application to the Board of Directors for an additional third class Assistant Engineer.

2. Upon re-consideration, the reference to Government upon this subject seems to have been unnecessary, inasmuch as the additional officer required is in place of Mr. Pfeil, whose engagement with the Company has been terminated; and as the circumstances are urgent, I have communicated the necessary authority to the Agent.

From W. BARTON WRIGHT, Esq., Acting Agent and Manager of the Madras Railway Company, to Lieutenant-Colonel J. H. M. SHAW-STEWART, R. E., Consulting Engineer for Railways, dated Madras, 17th April 1873, No. 269.

I HAVE the honour to request that the enclosed copy of a letter from the Acting Chief Engineer, No. 234, dated yesterday, may be laid before His Excellency the Governor in Council as early as possible, and I trust that, under the circumstances therein explained, the authority of Government may be communicated to me at once to make application to the Board of Directors for the additional third class Assistant Engineer referred to in this office letter No. 190 of the 12th ultimo.

From T. H. GOING, Esq., Acting Chief Engineer, to W. B. WRIGHT, Esq., Acting Agent and Manager of the Madras Railway Company, dated Madras, 16th April 1873, No. 234.

REFERRING to my letter No. 159 of 12th ultimo, I beg you will represent to Government the great importance of early sanction being accorded to the increase of the present Engineering staff by another member.

2. I shall not be able to put in hand the protective works to be executed on 1st Division till I have been provided with another Assistant, and were any of the present staff to become disabled by illness the work of this department would have to be carried on by an insufficient number of officers. Even, under the existing circumstances, it has become necessary to employ the Deputy Chief Engineer in performing the duties of Resident Engineer of 1st Division, South-West Line, and the usual quarterly inspection cannot, in consequence, be made.

3. I trust Government sanction to this appointment may not be longer withheld, and shall feel obliged if, on its being obtained, you will communicate with the Board by telegraph.
