DEPARTMENT

G.O. No.	1360-61	Press
B.P. No.		Mis.
234-23537.		
Dated	15- 5-	1873.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
15th May 1873.*

Read the following papers :—

No. 234. Endorsement of the Chief Engineer for Irrigation, dated Fort St. George, 22nd April 1873, No. 6.

No. 235. From Lieutenant-Colonel J. H. M. SHAW-STEWART, R. E., Consulting Engineer for Railways, to Colonel G. W. WALKER, R. E., Secretary to Government, Public Works Department, dated Madras, 28th April 1873, No. 236.

REFERRING to my letter, dated the 18th instant, No. 225, I have the honour to submit a further letter from the Agent* of the Carnatic Railway Company, from

which it will be seen that the Great Southern of India Railway Company have in stock a sufficient quantity of spare telegraph wire, as well as instruments, etc., to construct a line from Madras to Cuddalore, which the Agent of that Company has placed at the disposal of the Carnatic Railway.

2. Under these circumstances, the proposed purchase of a wire from the Government Telegraph Department, or from the Madras Irrigation Company, is unnecessary; and as sanction has been accorded by the Government of India to an expenditure of Rupees 50 per mile for the erection of a temporary telegraph, I presume there can be no objection to the arrangement now proposed, subject to

* Letter from Government of India, 21st August 1872, No. 1,351, G. R.—*Vide* G. O., 9th September 1872, No. 2,141. the same condition as in the case* of the Southern Extension of the Great Southern of India Railway, viz, "that the permission to make use of the English

materials which are in hand in no way affects the decision regarding the construction of the permanent telegraph."

From J. T. FISHER, Esq., Agent and Manager of the Carnatic Railway Company, to Lieutenant-Colonel J. H. M. SHAW-STEWART, R. E., Consulting Engineer for Railways, dated Madras, 28th April 1873, No. 137.

With reference to my letters marginally noted, I have the honour to state that it has since been ascertained that the Great Southern of India Railway Company have in stock a sufficient quantity of spare wire as well as instruments, battery couples, etc., to construct a line from Madras to Cuddalore, which the Agent of that Company is good enough to place at the disposal of this Company.

2. This arrangement being approved by the Government will render unnecessary the purchase of wire from the Madras Irrigation Company, as suggested in my letter last above referred to.

No. 236. ORDER THEREON, 15th May 1873, No. 1,360.

RAILWAY, No. 35.

His Excellency the Governor in Council sees no objection to the arrangement proposed in these papers which

*Proceedings of the Madras Government, Public Works Department,
15th May 1873.*

will render the purchase of wire from the Irrigation Company or Government
Telegraph Department unnecessary.

CONSULTING ENGINEER FOR RAILWAYS,

Madras.

SIR,

With reference to my letters marginally noted, I have the honor to state that it has since been ascertained that the G. S. of S. Railway Co. have in stock a sufficient quantity of spare wire, as well as Instruments, Battery couples &c. to construct a line from Madras to Buddalore which the Agent of that Co. is good enough to place at the disposal of this Co..

This arrangement being approved by the Govt., will render unnecessary the purchase of wire from the Madras Irrigation Co. as suggested in my letter last above referred to.

I have the honor to be,
