*Proceedings of the Madras Government, Public Works Department,
17th May 1873.*

No. 275. Read the following letter from G. S. SAGE, Esq., District Engineer, Cuddapah, to Colonel G. W. WALKER, R. E., Secretary to Government, Public Works Department, dated Camp at Pedda Pippasamudram, 26th April 1873, No. 137:—

In forwarding copy of No. 55, under date the 14th instant, disallowing an item of Rupees 5-14-6 for the purchase of an Almanac for 1873, charged in the contingent bill for the Madanapally Range for February last, I have the honour to request that Government will be pleased to authorize the Controller to pass the sum, as the Circular quoted by that officer has only been received in the Madanapally Range Office on the 9th March, whilst the book was paid for during February last.

No. 276. ORDER THEREON, 17th May 1873, No. 1,382.

ESTABLISHMENT, No. 40.

It is observed that the prohibition in regard to the purchase, at the public expense, of newspapers or other periodical publications without the previous sanction of Government appeared in the *Fort St. George Gazette* at a date * long anterior to that on which the Almanac was paid for, but the Range Officer was evidently not made acquainted with the orders on the subject. On the present occasion the Controller will be authorized to pass the charge, but the attention of all officers will be drawn to the notification, and it will be intimated that similar expenditure hereafter incurred without authority will not be admitted.
