*Proceedings of the Madras Government, Public Works Department,
23rd May 1873.*

No. 349. Read the following letter from Lieutenant-Colonel J. GODDARD, R. E., District Engineer, Presidency, to Colonel G. W. WALKER, R. E., Chief Engineer and Secretary to Government, Public Works Department, dated Fort St. George, 5th May 1873, No. 451:—

I HAVE the honour to request that the Public Works Workshop at Madras may be allowed to obtain from Provincial stores, on payment, such articles as cannot be utilized by the Officers of the Department, but by the workshop only. A list of the articles is enclosed.

1 List.

2. At present the workshop draws its supplies from the Imperial Stores only.

3. Under a misapprehension that all stores required by the workshop, which is classed as a Provincial Service, could be indented for under this head, they were entered in the Home Indents accordingly, but as the Government in their Order, dated 18th February 1873, No. 154, declined to transfer certain articles specially indented for for the workshop, and as some of the stores already received are required for immediate use, I beg that I may be permitted to draw such supplies from the Provincial Stock as may be needed from time to time on payment.

No. 350.

ORDER THEREON, 23rd May 1873, No. 1,419.

ACCOUNT, No. 25.

His Excellency the Governor in Council sees no objection to the Workshops obtaining, on payment, from the Public Works Stores such articles as may be actually required for immediate use. The proposal referred to in G. O. No. 154, dated 18th February 1873, was negatived as it appeared that it was made simply with a view of transferring to the workshops a debit on account of stores which were not shown to be needed by that institution.

2. It is remarked that the workshop may require all the stores entered in the list submitted, but that it is hardly correct to say they could not be utilized by other Executive Agencies.
