Public Works

DEPARTMENT.

G.O. No.	142.	Press
281, 282,		Mis.
Dated	15-1-	1873.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
15th January 1873.*

No. 281. Read the following letter from the District Engineer, Vizagapatam District, to the Secretary to Government, Public Works Department, dated Waltair, 4th December 1872, No. 5:—

As Lieutenant-Colonel Fischer may be expected shortly to send to my care the collection of office records appertaining to this district, together with a portion of his stationery, instruments, etc., I have had to consider the question of how to dispose of them on their arrival.

2. There is no Government building either at Waltair or Vizagapatam available for a District Engineer's Office. Owing to the want of public buildings here the Collector's Cutcherry, Garrison Hospital, Post Office, Telegraph Office, and all the medical subordinates entitled to free quarters are accommodated in private houses.

3. Until the cyclone of 1870 did great damage to the range furniture and records, the Executive Engineer at Waltair was expected to provide shelter at his own expense, in part of his own bungalow or godowns, for the Range Office; since that time Rupees 20 has been allowed him to meet this expense and has been drawn in the contingent bills.

4. The former District Engineers and Superintending Engineers when they had their head-quarters at Waltair were allowed 50 Rupees per month for providing accommodation for their office establishments, etc., and I have now the honour to request you will be so good as to obtain the sanction of Government to an allowance of 50 Rupees a month being granted me for this purpose until a District Engineer's Office is erected, or a suitable Government building is vacated by one of the other departments.

No. 282. ORDER THEREON, 15th January 1873, No. 142.

ACCOUNT, No. 33.

THE District Engineer, Vizagapatam, is authorized, until arrangements can be made for otherwise accommodating his office, to hire a house at a rental not exceeding Rupees/50/per mensem.

2. The Controller will adjust the charge against savings under "Establishments."

3. A plan and estimate for the construction of a District Engineer's Office should be submitted for the sanction of Government at an early date.
