*Proceedings of the Madras Government, Public Works Department,
21th May 1873.*

No. 384. Read the following letter from Colonel C. H. DICKENS, R. A., Secretary to the Government of India, Public Works Department, (Account—Guaranteed Railway,) to Colonel G. W. WALKER, R. E., Secretary to the Government of Madras, Public Works Department, dated Simla, 5th May 1873, No. 245 A.—G. R. :—

With reference to your No. 867 of the 19th March last, forwarding a copy of correspondence, from which it appears that the Great Southern of India Railway Company object to the mode of adjustment of certain differences between the actual and book values in the General Store Accounts of the Railway proposed in Public Works Department, No. 779 A. R., of the 10th June 1872, I am directed to request that the Consulting Engineer may be called upon to furnish some estimate of the probable result of adopting the Board's views in regard to the adjustments in question, as the Government of India is willing to meet the wishes of the Company in this matter if practicable.

2. I am to add that the Government of India having made distinct proposals as to the precise amounts that should be debited to each account, it seems proper that the Company should, in their turn, state what sums they consider should be charged against Capital and Revenue respectively.

No. 385. ORDER THEREON, 27th May 1873, No. 1,435.

RAILWAY, No. 57.

COMMUNICATED to the Consulting Engineer with reference to G. O., No. 866, dated 19th March 1873. Lieutenant-

Colonel Shaw-Stewart will furnish the required estimate as early as practicable.
