FORT WILLIAM, JANUARY 6, 1873.

Budget-Estimate of the financial transactions of the Indian Guaranteed Railways.

Read again:—

Public Works Department Resolution Nos. 437—49 A—R, dated 17th July 1871.

" " " No. 1020—26 A—R, dated 10th August 1872.

RESOLUTION.—Under existing rules, an annual budget-estimate is submitted for each guaranteed Railway, based on the probable earnings, outlay and liabilities for the financial year. This estimate is required by the Public Works Department chiefly for purposes of control, but experience has shown the desirability of having for each guaranteed Railway an *additional* annual estimate embracing the figures relating to such, and only such transactions as find a place in the Finance and Revenue Accounts of the Empire. This latter may be called the Financial estimate in contradistinction to the former or Administrative Budget.

2. Under these circumstances, the Governor General in Council desires that the Local Governments and Officers concerned shall submit annually, in addition to the estimates already prescribed, a further estimate in the accompanying form for each guaranteed railway with which they are connected.

3. The first additional estimate required will be for the ensuing year 1873-74, and should reach the Government of India at latest by the 25th instant, accompanied by a regular estimate based as far as possible on actual figures for the year 1872-73.

4. Revised estimates and accounts will also, when required, be furnished in the form now prescribed which, with the word "Estimate" in the heading altered to "Statement," should be substituted for Form No. XV issued with Public Works Department Resolution No. 1020—26 A—R of the 10th August last. In all cases where the figures sent forward in this form are partly actuals and partly estimated, the numbers of months actuals upon which the estimate is based should be distinctly stated. Further, full details should always be kept on record in the several Consulting Engineers' Offices, showing the precise data upon which the estimates are based so as to be available for reference if necessary.

ORDER.—Ordered, that this Resolution be communicated to the Local Governments and Officers named in the margin for information and guidance.

Ordered also, that a copy be forwarded to the Accountant General, Public Works Department, for information.
