*Proceedings of the Madras Government. Public Works Department,
30th May 1873.*

No. 432. Read the following letter from Major R. F. OAKES, R. E., District Engineer, Tanjore, to Colonel G. W. WALKER, R. E., Secretary to Government, Public Works Department, dated Camp at Kabistalum, 9th May 1873, No. 130 :—

I HAVE the honour to inform you that on the re-organization of the department on the 1st December last, when a permanent minor establishment was allotted to each Imperial Overseer, one of the temporary minor establishments in this district sanctioned in G. O., No. 1,279, dated 14th May 1872, was in excess of the number of the Imperial Overseers who were employed in the district.

2. These temporary minor establishments were not always attached to Imperial Overseers, but were some times employed under Local Fund Overseers who had extensive works on hand, or in keeping the accounts of important works under the supervision of Range Officers, according as the exigencies of the service required, and the minor establishment under notice was accordingly attached to the Pandaviyaur and Velliyaaur Head Works (which were under the Range Officer's supervision) to keep the accounts, etc., connected with those works, a similar arrangement in the case of the Vettaur Head Works having been approved in G. O., No. 2,978, dated 24th November 1871.

3. The regulating works at the Pandaviyaur and Velliyaaur heads, however, having since been placed in charge of an Imperial Overseer who has an establishment to keep the accounts, etc., connected with the works, the services of a minor establishment writer and of two lascars have been dispensed with from the 31st March 1873.

4. The Controller having declined to pass the pay of the establishment without the special sanction of Government, on the plea that the provisions of G. O., No. 1,279, were rendered nugatory on the introduction of the re-organization of the 1st December, I request that sanction may be accorded for the payment
