G.O. No.	153	Press
245, 246, 247,		Mis.
Dated	17-1-	1873.

Not to be folded or roughly handled

Read the following letters:—

No. 245. From the Superintending Engineer, 5th Division, to the Secretary to Government, Public Works Department, dated Cuddalore, 23rd November 1872, No. 195.

With reference to G. O. No. 2,598 of the 5th November 1872, paragraph 3, I have the honour to observe that item No. 2 in the Executive Engineer's list therein printed is a repair to the sick lines which is a separate building from that reported upon by the Committee. It would appear that no division walls were originally built, and the mud partition walls put up by the horsekeepers of the Lancers were not bonded into the main walls and pillars, and they were after a time so damaged by the kicking of horses that it was found necessary to replace a great many by walls of brick-in-mud. Hence the outlay of Rupees 1,015 on items Nos. 3, 4 and 6.

2. Items Nos. 8 and 9 have been sanctioned, but not carried out for want of funds. No. 9 is for renewing the walls connecting the buildings from end to end. No walls were built originally, but mud walls were put up by the horsekeepers of the Lancers. It would thus appear that the actual expenditure on the Cavalry Stables from November 1871 to date is only Rupees 2,165.

No. 246. From the same Officer, dated Kullakurchi, 30th November 1872, No. 200.

With reference to the 1st paragraph of G. O. No. 2,564 of the 1st November 1872, I have the honour to subjoin a list showing the repair works for which the additional grant of Rupees 10,000 is required:—

1. Repairing upper and lower walls of Cavalry Stables, Race-course, sanctioned 23rd September 1872	Rs. 747
2. Removing partition walls and rebuilding the same with brick-in-mud, Cavalry Stables, Race-course, sanctioned on the 23rd September 1872	1,330
3. Repairing floors of Wash-houses 2 and 8, and Cells, etc., European Infantry Barracks, sanctioned 23rd September 1872	776
4. Pointing the Chimney to Engine-house at Ulsoor Rock, sanctioned 12th September 1872	103
5. Repairing Scripture Reader's house at old Race-course, sanctioned 11th October 1872	132
6. White-washing the buildings occupied as Sappers Barracks, sanctioned 21st October 1872	133
7. Five petty works below 50 Rupees each	108
Total of Estimates sanctioned...	3,329

Estimates submitted by the Executive Engineer for sanction:—

Removing 1 foot of old sand from the Filter at Ulsoor Rock and refilling the same	161
Repairing the Quarter Guard and Place-of-arms, 36th Regiment Native Infantry	3,965
White and blue-washing the buildings occupied by 18th Hussars	2,492
Repairing the Cistern at Race-course Barracks	225
Total of Estimates submitted...	6,843

Grand Total for both... 10,172

Proceedings of the Madras Government, Public Works Department,
17th January 1873.

The distribution of existing allotment stands thus:—

	RS.
Allotment	51,405
Compensation to Military and Medical subordinates	9,000
Payment to Municipality for conservancy of main sewer	1,200
Maintenance of roads	6,858
	17,058

Net amount for Military Buildings... 34,347

2. The total value of the Military buildings in Bangalore is about 33 lakhs, and the allotment for repairs, including the new sanction of Rupees 1,200, is only a little more than 1 per cent.

No. 247. ORDER THEREON, 17th January 1873, No. 153.

MILITARY WORKS, No. 7.

IN G. O. of the 1st November 1872, No. 2,564, the Superintending Engineer of the 5th Division was requested to

report the grounds on which the requirements on account of the repair of Military buildings at Bangalore were stated at Rupees 10,000 in excess of the existing allotment. In reply the Superintending Engineer, in his letter of 30th November above recorded, furnishes a list showing the works for which the additional grant is needed. Rupees 3,329 are shown to be required for sanctioned repairs; but of these

the works marginally noted are properly minor works and their cost is not chargeable to the repair grant. Funds will be allotted for them in anticipation

of the sanction of the Government of India from the sum of Rupees 4,000 surrendered by the District Engineer, Bangalore, from the grant for the Bangalore Bakery, from which source the transfer of a further sum of Rupees 1,015 is authorized to meet the cost of other works carried out to the Cavalry Stables, which are also not strictly repairs, and form items 3, 4 and 6 of the list appended to the Executive Engineer's memorandum, printed with G. O. No. 2,598 of 5th November 1872. Estimates for the works thus provided with funds and not yet put in hand should be submitted without delay.

2. Of the unsanctioned works the estimates for which are stated to amount to Rupees 6,843, the repair of the quarter guard and place-of-arms, 36th Regiment Native Infantry, and white and blue-washing the buildings occupied by the 18th Hussars, estimated at Rupees 6,457, must be deferred until funds can be made available for them from the additional assignment for which application has been made to the Government of India.

3. The amount required for the remaining works sanctioned and unsanctioned is thus considerably reduced and can be carried out with the funds at the District Engineer's disposal.

Sir,

With reference to G. O. No 2598 of the 5th November 1872, para 3, I have the honor to observe that Item No 2 in the Executive Engineer's list therein printed is a repair to the sick lines which is a separate building from that reported upon by the Committee. connecting the buildings from end to
end. No walls were built originally, but
mud walls were put up by the horse
keepers of the Lancers. It would thus
