*Proceedings of the Madras Government, Public Works Department,
14th June 1873.*

No. 207. Read the following endorsement of the Chief Secretary to Government,
dated 8th June 1873 :—

From F. LUMINGTON, Esq., Accountant General to the Government of Madras,
to the Honourable W. HUDLESTON, Chief Secretary to Government,
dated Fort St. George, 6th June 1873, No. 115.

ADVERTING to the Proceedings of Government, No. 1,864, dated the 15th December last, I beg to bring to the notice of Government that the urinal therein sanctioned was supplied to this office a few months back, but no use has been made of it in consequence of its having been placed in an exposed position. I accordingly requested the Executive Engineer to remedy the defect by enclosing it, and by erecting a zinc roof over it to shelter those resorting to it during the rains.

2. I also asked the Executive Engineer at the same time to open two sky-lights in a part of this office premises which is inconveniently dark during the afternoon, and especially so during the rains, and which necessitates the use of a large number of lights.

3. In reply, that officer states that the cost of the above work will be about Rupees 640, and that he is precluded from preparing a detailed plan and estimate without the orders of Government. I have the honour to request, therefore, that the necessary instructions may be issued as early as possible so that the work may be completed before the monsoon sets in.

THE desired instructions will be issued in the Department Public Works to which the letter is transferred.

(Signed) W. HUDLESTON,
Chief Secretary to Government.
