B.P. No.		Mis.
223-224		
Dated	14-6	1843

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
17th June 1873.*

No. 223. Read the following endorsement of the Inspecting Engineer for Civil and Military Buildings, dated Chepauk, 28th May 1873, No. 537 :—
From Lieutenant-Colonel J. GODDARD, R.E., District Engineer, Presidency,
to Colonel E. A. FOORD, R.E., Inspecting Engineer for Civil and
Military Buildings, dated ———, No. 498.

I HAVE the honour to forward, for your approval and eventual submission to Government for sanction, a plan and an estimate, amounting to Rupees 360, for making certain alterations in the barracks of the Body Guard, so as to adapt a portion of it for a guard and defaulter's room.

2. The work is approved of by the Commandant Body Guard and by the Military Secretary to His Excellency the Governor.

3. As the Body Guard is not under the control of the Officer Commanding Centre District or His Excellency the Commander-in-Chief either directly or indirectly, I am of opinion that their approval to the plan and estimate is not required.

At present there are no guard and defaulter's rooms, the want of which having been greatly felt, it is now proposed to erect partition walls in the barrack-room to adapt it as a guard and defaulter's room.

The railings estimated for and shown in the plan are required to exclude horses when they get loose, as at present they walk into the hospital, causing great inconvenience.

THE plan and estimate of Rupees 360, received with the above letter, for making certain alterations to the barracks of the Body Guard at Madras, to adapt a portion of it for a guard and defaulter's rooms, are submitted to Government for sanction from the current year's grant for Minor New Works, Military.

(Signed) E. A. FOORD, Colonel, R.E.,
Inspecting Engineer for Civil and Military Buildings.
