*Proceedings of the Madras Government, Public Works Department,
18th June 1873.*

No. 212. Read the following letter from Major R. F. OAKES, R.E., District Engineer of Tanjore, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Camp at Sheally, 29th May 1873, No. 204:—

With reference to G. O. No. 2,340, dated 7th October 1872, I have the honour to forward for sanction the enclosed plan and estimate, amounting to Rupees 1,800, for constructing one Head Constable's and five Constables' huts at Tranquebar. An estimate for one Head Constable's and seven Constables' huts, as required in the above Government Order, was originally prepared, but as it amounted to Rupees 2,300, while the amount available for the work is only Rupees 1,800, the estimate had to be reduced to this amount, and this has been done by reducing the number of Constables' huts to five. The estimate provides for all the improvements in the building of the huts approved in G. O. No. 4, dated 1st December 1870, pials excepted. The two Constables' huts may at any time be added as funds are available. The plan and estimate have been duly approved of by the Inspector-General of Police.

No. 213. ORDER THEREON, 18th June 1873, No. 1,591.

CIVIL WORKS, No. 15.

The plan and estimate are sanctioned. Allotment of funds will be considered when the claims of all incomplete works have been met.
