*Proceedings of the Madras Government, Public Works Department,
19th June 1873.*

No. 256. Read the following letter from R. NORFOR, Esq., Officiating District Engineer, South Arcot, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Cuddalore, 12th May 1873, No. 29:—

With reference to G. O. No. 1,261 of the 2nd instant, I have the honour to state that I have, as directed, formally suspended Ponurungum.

2. I beg, however, to observe that the Range Officer was ordered to stop Ponurungum's pay, pending the final orders of Government on the inquiry into the irregularities it was alleged he had committed, and I have no reason to think he has not been under stoppage of pay since March last.

3. I did not like to remove him from duty in the office in March, as the accounts and returns for the past year would have been seriously delayed, which would have given rise to much confusion and inconvenience, and it was for this reason too that on making the appointments noticed by Government, transferring Ponurungum to the District Office, I informed the Range Officer he might retain Ponurungum in his office till the despatch of his Administration Report and Annual Returns.

4. My inquiry into the facts of the case was prosecuted in the middle of April, and immediately on its termination I reported the results to Government in my No. 14 of the 23rd April last; at the same time I removed D. Coopiasawmy Moodelly from the Virdachellum to the Chellumbrum Taluq, and as I consider it inexpedient to allow Ponurungum to remain a day longer in the range, I directed his immediate removal from the range and ordered him to report himself to me in Cuddalore; but, instead of ordering the Deputy Accountant to take charge of accounts and relieving Ponurungum at once, the Range Officer simply refused to let him leave the office till a competent Head Accountant was sent him to take charge of the accounts. On this I informed the Head Accountant he would finally cease to draw any pay at all under any circumstances; the result is to be seen in the accompanying two letters (in original) from the Range Officer, which I now feel it necessary to submit to Government.

5. I see now that I should have taken up the case at once and suspended Ponurungum then and there under any circumstances, and regret having taken into consideration the inconveniences and confusion in accounts Ponurungum's removal at that time of the year would have caused.

6. I now await the orders of Government on my No. 14 of 23rd April last, having since referred the question to Government, I have thought it incumbent upon me to wait their decision.

No. 257. ORDER THEREON, 19th June 1873, No. 1,599.

ESTABLISHMENT, No. 29.
