Public Works DEPARTMENT

G.O. No. / B.P.—No. 269-263	1602	Press / Mis.
Dated	17-6-	1873

Not to be folded or roughly handled

No. 262. Read the following letter from Major R. B. KENNEDY, Special Executive Engineer, Wynaad, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Luckadie, 3rd May 1873, No. 293 :—

I pro to forward plan and estimate for a store at Luckadie.

2. It is a building that has long been required, but while there were so many other demands for public money for Wynaad, I thought it scarcely likely any could be spared for this, although annually a considerable loss on deterioration in stock has taken place owing to the absence of any but rough cutcha sheds with thatched roof and mat-walls.

3. The quantity of stock usually on hand is about Rupees 5,000 in value, and so, should the Vythery and Calicut Ranges be amalgamated, a store will always be necessary for immediate local wants. I have adopted a quadrangular form as giving the greatest amount of space at the least expense, light being obtained from the interior, and no windows required.

4. The only Provincial grant to Wynaad this year, except those for Police buildings, is for the Deputy Collector's Cutcherry, and I see by certain Proceedings of the Board of Revenue that it is intended to try Vythery experimentally, for one year, as the head-quarters of that official ; this, of course, will delay the building of the Cutcherry, and the grant will be available for other purposes. I venture to recommend that it be transferred to the house for the Overseer at Goodaloor, and the work for which I now submit the estimate.

This will give the following :—

From		*To*	
Deputy Collector's Cutcherry	Rs. 5,440	Overseer's house at Goodaloor...	Rs. 2,990
		Store at Luckadie	,, 2,450

and as the grant for the Cutcherry is Rupees 6,860, this will leave Rupees 1,420 available for other purposes.

No. 263. ORDER THEREON, 19th June 1873, No. 1,602.

CIVIL WORKS, No. 18.

THE plan and estimate for a Public Works Store at Luckadie submitted by the Executive Engineer in charge of Wynaad are sanctioned ; but the transfer of funds recommended by him cannot be made until final orders shall have been passed in the Revenue Department as to the permanent station of the Deputy Collector of Wynaad.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the Special Executive Engineer, Wynaad
,, Controller of Public Works Accounts.
,, Revenue Department.

for immediate local grants. I have adopted a quadrangular form as giving the greatest amount of space for the least expenditure of building, obtained from the interior and no windows required.

The public Provincial grants to expend this year, specified thus for Police Buildings as for the Deputy Collectors Cutcherry and I put by pecuniary Grants of the Board of Revenue, that is intended to say Gathering Experiments till for one year, as the Board Shortly of that Officer, this of course will delay the building of this Cutcherry until the grant will be available for other purposed Specified, I recommend that it be transferred to the Board for the Purpose of Gordalore, and the work for which it was duly with the Estimate.

This will give the following

From
Deputy Collectors
Cutcherry Rupees 6860

To
Circuit House at
Gordalore — R 2990
Store & Cutcherry — 3150

And as the grant for the Cutcherry is R 6860 and as the grant for the Circuit House is R 2990 this will leave R 1420 available for other purposes
