*Proceedings of the Madras Government, Public Works Department,
19th June 1873.*

No. 261. Read the following letter from Colonel E. A. FOORD, R.E., Inspecting Engineer for Civil and Military Buildings, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Chepauk, 26th May 1873, No. 524:—

With reference to G. O., No. 2,310, dated 7th October 1872, I have the honour to submit for the sanction of Government a plan and estimate of Rupees 265, accompanied by a specification, for constructing a gram-boiling

shed near the stables in the compound of the Egmore Police Court, Madras; and to state that the plan and estimate have been prepared in communication with the Commissioner of Police, and have been approved of by him and by the Inspector General of Police.

No. 265. ORDER THEREON, 19th June 1873, No. 1,603.

CIVIL WORKS, No. 19.

REFERRING to his letter of the 26th ultimo, No. 524, the Inspecting Engineer for Buildings is informed that the construction of so costly a gram-boiling shed as that proposed is not approved. It is believed that the number of mounted orderlies attached to the Police is but small; and it does not seem necessary to provide for the purpose in view so large a building, built of brick and chunam, and with teak rafters. Colonel Foord is requested to call upon the District Engineer to submit a plan and estimate for a cheaper description of shed; and to explain the cause of delay in submission of papers authorized to be prepared in October 1872.
