No. 320. ORDER THEREON, 21st June 1873, No. 1,628.

CIVIL WORKS, No. 22.

His Excellency the Governor in Council has had under consideration the standard design for a District Munsif's Court-house sanctioned in G. O., No. 1,350, of 15th October 1857. He observes that it has not given satisfaction chiefly on account of the insufficient accommodation which it provides. Another design submitted by the District Engineer, Godavery, for Court-houses at Ellore and Amalapore, has met with approval, but on re-consideration, His Excellency in Council does not consider it sufficiently ornate, and he accordingly resolves to cancel the sanction accorded in the Judicial Department under date the 1st May 1873, No. 679, and to forward the several designs referred

to, with that suggested by Colonel Roberts for a Court-house* at Strcevi-
guntum, to the Consulting Architect, with a view to his submitting for the approval of Government a new design based on them as to accommodation.

The trouble Mr. Tain has
ing called for the Plan
of Morris's Court house
sanctioned in Proceeds

I am quite willing
provided no additional
expense is incurred
to an alteration in the P.W. Dept.
of the Standard plan
in 1875 units. The
plan sent would do
with fine a very clear
vision of what the
building is really
like. There does not
seem to be any
complaint of the
space accommodation
at present afforded
with which might
take this for his guidance
in preparing a new Standard
plan. This can be referred to the High Ct for their opinion before
being finally sanctioned P.H.

however to prescribe ex-
 actly the nature and
 amount of accommodation
 required for Dis-
 trict Moorsiff. The
 existing Standard Plan

 and copy of which is
 circulated, has never
 given satisfaction on
 account chiefly, in
 belief of the want
 of a more ample space -
 for a Court House -
 and a place for the
 Moorsiff's office.
 I am, Sir,
 Yours faithfully,
