*Proceedings of the Madras Government, Public Works Department,
25th June 1873.*

No. 383. Read the following letter from T. MOSS, Esq., Officiating Controller of Public Works Accounts, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 4th June 1873, No. 1,071 :—

I HAVE the honour to solicit the sanction of Government to the entertainment of a temporary establishment, at a charge of Rupees 150 per mensem, for the purpose of arranging and classifying the old public works records just transferred to this office, under your sanction, from the office of the Inspecting Engineer for Civil and Military Buildings.

2. These records are very bulky, filling some twelve almira's, and as it is desirable that their contents and their value in connection with the Capital and Revenue Accounts of Irrigation works should be ascertained with as little delay as possible, I think it will be well to engage not less than four competent hands for the work, which will probably take several months, if it is done thoroughly.

3. I would ask that the establishment applied for should, in the first instance, be sanctioned for three months; and as the necessity for ascertaining the value of these records is urgent, I trust the Government will approve of my having entertained the establishment in anticipation of sanction.

4. I may mention that the extra establishment sanctioned in G. O., No. 134, dated 15th January 1873, is fully employed, and will be so for some time upon the records already in this office.

No. 384. ORDER THEREON, 25th June 1873, No. 1,657.

ESTABLISHMENT, No. 36.

SANCTIONED for three months as a charge against the provision for temporary establishments.

2. The Controller will as soon as possible submit a classified list of the records referred to, as it is very probable that many of them will be of value to the District Engineers, and some may require to be transferred to other offices.
