MADRAS RECORD OFFICE

Government of Madras

Public Works

DEPARTMENT

G.O. No.	1706	Press
B.P. No:		Mis.
20-21		
Dated	2. 7.	1873.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
2nd July 1873.*

No. 20. Read the following letter from R. F. CHISHOLM, Esq., F.R.I., B.A., Consulting Architect to Government, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madras, 16th June 1873, No. 405 :—

I HAVE the honour to forward herewith an estimate for fixing a lightning conductor to the restored portion of the old palace of Teroomal Naick at Madura, received from the District Engineer at Madura.

2. I think the work a very necessary one, and beg that it may be sanctioned.

From Lieutenant-Colonel R. A. ROBERTS, R.E., District Engineer, Madura, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madura, 11th June 1873, No. 935.

I HAVE the honour to forward herewith an estimate for the lightning conductors required for the safety of the restored portion of Teroomal Naick's Palace, Madura.

1 Estimate of Rupees 535.
1 Specification.

2. It is proposed to make the main conductor of flat copper bar $3'' \times \frac{1}{8}''$ so that it may easily follow the curves and indentures of the roof. No bends will in this case be required.

3. I may mention, in regard to the necessity of the service under contemplation, that the palace roof bears distinct marks of having been struck by lightning at five different times, and I am of opinion that it will be necessary to fix at least four other lightning conductors so soon as the remaining portions of the palace are restored.

4. The amount of the estimate submitted may be debited to the balance of Rupees 3,000 referred to in paragraph 4 of G. O., 25th April 1873, No. 1,194.

No. 21. ORDER THEREON, 2nd July 1873, No. 1,706.

CIVIL WORKS, No. 1A.

THE estimate of Rupees 535 for fixing two lightning conductors in Teroomal Naick's Palace at Madura, recommended by the District Engineer and Consulting Architect, is sanctioned for execution from the annual grant for that work.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the District Engineer, Madura.
" Consulting Architect.
" Officiating Controller of Public Works Accounts.

Specification Report to accompany
 Estimate for fixing 2 Lightning
 Conductors for the portion of Groomalay
 South Palace.

1 Amount of Estimate Rs. 550-0-0

2 One Lightning conductor to be fixed to
 the Octagonal dome and the other
 to the Large Dome of the Palace—
 they should be fixed to the roofs
 and walls placed in communication
 with all metallic surfaces in the build-

ing. At the base the conductors
 are to be taken down to the damp
 earth a trench being dug for them and
 the bars covered over with powdered
 charcoal.

To
 Lieutenant Colonel A. H. Roberts R.E.
 District Engineer
 Madras

From
 (Colonel) J. W. Walker R.E.
 Secretary (Government) D. P. W.
 Madras

I have the honor to forward to you an Estimate for the Lightning Conduits required for the safety of the western portion of the Minckley & Maick's Palace, Madras.

This proposal is made the more, in view of the fact that the bar is 5" x 8" so that it may easily follow the curves and indentures of the roof & so stands well in the case of the wind.

I may mention in regard to the necessity of the service under contemplation, that the Palace roof bears distinct marks
