Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
3rd July 1873.*

No. 54. Read the following letter from A. C. LAWFORD, Esq., Officiating District Engineer, South Canara, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Mangalore, 13th June 1873, No. 22:—

THE Principal of the Civil Engineering College having been unable to supply me with more than one passed candidate for the three vacancies of Overseers existing in this district, after the examination in the last month was over, I have transferred, under G. O., No. 937, of 26th March 1873, Local Fund Range Maistry, Manickum Moodelliar, and appointed him from this date to act as Taluq Overseer of Cassergode Taluq until he shall have passed the required test, or until the services of a duly qualified Overseer are available.

2. This Range Maistry has been strongly recommended for the post by the Poottoor Range Officer, under whom he has been serving since he joined this district. The approval of the Local Fund Board will be obtained for the transfer of the Maistry from Local Fund Establishment.

3. After filling up by the above arrangements two vacancies, there will be still a third one, which is also urgently required to be filled up to meet the strength of the executive during the approaching working season, as the works will then be heavy. I therefore take this opportunity to request the Government that I may be permitted to fill up this vacancy if I can find any other deserving man from the Local Fund or other Maistries in this district.

No. 55. ORDER THEREON, 3rd July 1873, No. 1,721.

ESTABLISHMENT, No. 5.

The appointment of Manickum Moodelly, and of any other fit person to fill up the third vacancy in the grade of Overseer, is sanctioned; but under G. O., No. 2,165, of 12th September 1872, their confirmation will be dependent on their passing the prescribed test within twelve months.
