Dated	9. 4.	1893.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
9th July 1873.*

No. 189A. Read the following letter from R. E. NORFOR, Esq., Officiating District Engineer, South Arcot, to Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation, dated Shatiatope, 21st June 1873, No. 52 :—

THE Supervisor in charge of the Pelandorai Anicut Project reports that fever has broken out among the work-people, and that he himself is not very well, and has applied, therefore, for some medical aid. I have addressed the Collector with a view to the dresser attached to the Sub-Collector's establishment visiting the anicut once a week, or ten days, when he may happen to be at Virdachellum, and have also applied to that officer and the Civil Surgeon for a small supply of such of the medicines as may be absolutely necessary. It is not likely that the quantities and all of the medicines applied for by the Supervisor can be obtained from the local dispensary.

2. I am of opinion that the Supervisor in charge of the project should be in possession of a medicine chest containing all necessary medicines (with measures and scales and weights), and I have, therefore, the honour to request you will be good enough to adopt measures for a medicine chest being supplied to me at an early date.

No. 189B. ORDER THEREON, 9th July 1873, No. 1,764A.

ESTABLISHMENT, No. 15A.

THIS letter from the District Engineer, South Arcot, will be communicated to the Inspector-General, Indian Medical

Department, in order that the medicines locally available may be supplemented to such an extent as may be necessary.

2. Pelandorai is about ten miles from the Sub-Collector's station at Virdachellum.

(True Extract.)

(Signed) J. MULLINS, Lieut.-Colonel, R.E.,
Joint Secretary to Government.

To the District Engineer, South Arcot.
Inspector-General, Indian Medical Department.

From, The Offg. Dist^l Engineer
South Arcot.

To, The Chief Engineer, for
Irrigations.

Sir, The Supervisor in charge of the Pe-
landorai Amicut Project, reports that
fever has broken out among the work
people, and that he himself ~~does not~~ ^{feels} very
well, and has applied therefore for some
Medical aid. I have addressed the
Collector with a view to the Doctor at-
tached to the Sub Collector's Establish-
ment visiting the Amicut once a
week or 10 days, when he may happen
to be at Vudachellum, and have also
applied to that Officer and the Civil
Surgeon for a small supply of such
of the Medicines as may be absolutely
necessary

necessary. It is not likely that the quantities and all of the medicines applied for by the Supervisor can be obtained from the Local Dispensary.

2. I am of opinion that the Supervisor in charge of the project should be in possession of a Medicine Chest containing all necessary medicines, with measures and scales, and weights, and I have therefore the honor to request you will be good enough to adopt measures for a Medicine Chest being supplied to me at an early date.

I have the honor to be

Yours Most Obedt Servt

Wm. J. [Signature]
